

## London Esher

**A Private Garden  
Designed by Judy Painter.**

**BALI award for Garden  
Scheme Construction  
under £250,000.00.**

A 2000 square meter plot with a clean canvass...What more can a Landscape Company ask for?.

Structural Concrete slabs and a comprehensive Land Drainage System were required before the Landscape Scheme could be implemented.

French Limestone, Western Red Cedar Decking and Dwarf Rendered Walls combined to give the garden a clean cut contemporary look, complemented by a Limestone Water Feature.

Bold planting added structure to the scheme.

A comprehensive lighting system and fully automated irrigation system completed the project and enabled us to win the BALI award.
